An Initiative

From the Founders of Alive India in Concert Series

“India’s Biggest Live Concert Series & Music Led Consumer Activation Platform”

“I had a small bedroom of 7x7, I took the bed out.... to keep my drums in,
and I slept on a piece of foam....”

WHAT MAKES OUR STUDIO INTERESTING?

We wanna give a cozy feeling to our singers, our aim is to make them feel friendly and @ home .

We are all human and we need to relax in a quiet place after the huge crowd of fans.

Musicians usually relax by playing their instrument and finding a peaceful mind for the next new music or song composition.

WHAT IS OUR AIM?

This place could be place for the fans to come and be alive in their live show of their artist and enjoy time from the music and forget about the difficulties of the world . In this place we are making the new experience for the fans that really gives value and also we need to give awesome experience for the artists that they feel like home and enjoy the moment in there musical iournev....

We create the place that would be more fun for musicians that they can spend more times with their fans and enjoy their amazing time in the city we are here to create better life for human society .
